## PURPOSE

The Evidence-Based Practice Award is the process of integrating knowledge and clinical experience to achieve excellence in nursing practice. It is characterized by a high level of curiosity, critical thinking, continuous learning, reflective practice and the ability to seek and use a spectrum of interdisciplinary resources in care delivery.

The Evidence-Based Practice Award formerly known as the Clinical Scholarship Award was established in 1997 to recognize a nurse, group of nurses or organization who is self-motivated and foster a practice environment that promotes and values creativity, questioning, data-based decision making, access and synthesis of new knowledge and the use of innovations to improve practice and clinical outcomes.

## ELIGIBILITY

Current members of STTI's Board of Directors or members of the headquarters staff are NOT eligible.

## CRITERIA

- Advances evidence-based practice through work in integrating knowledge and evidence in practice.
- Influences the health of individuals and communities by bringing together professionals from various disciplines and roles
- Engages researchers, clinicians, patients and families
